DESCRIPTION AND PURPOSE OF ITEM

This item indicates the number of the tape set containing video images of a highway section carrying traffic in the route direction-of-inventory. This highway section must coincide with the highway section used for the Condition Rating Survey With (Item 42).

This information is used to determine the proper video tapes to use to view a particular section of highway.

This item can be determined by using instructions contained in the Office of Planning and Programming "Condition Rating Survey Manual". If in question, contact the Central Bureau of Statewide Program Planning.

CODE AND SCREEN ENTRY INSTRUCTIONS

A 13-digit alphanumeric field, left justified, including letters, numbers, special characters and spaces.

Leave unused spaces blank.

If there is no Video Tape Number With, leave this item blank.

Use an '*' in the first position of the field to remove a number.
